**PETITION TO RESCIND HOLDING OF ABANDONMENT**  
**PURSUANT TO 37 CFR 1.181**

Mail Stop Petition  
Office of Patent Legal Administration  
Commissioner for Patents  
P.O. Box 1450  
Alexandria, VA 22313-1450

Dear Sir:

Applicants hereby petition to rescind any holding of abandonment in connection with the above-captioned application

**I. Statement of Facts**

No Notice of Abandonment has been received by practitioner. However, practitioner understands that the U.S. Patent Office asserts that the application is abandoned because no reply was received to an Office Action mailed June 14, 2004.

Applicants contend, however, that the abandonment should be rescinded as Applicants did not received this Office Action.

On November 9, 2001, David R. Metzger of SONNENSCHN EINHORN NATH & ROSENTHAL LLP, filed a Revocation of Power of Attorney transferring power of attorney from former counsel Limbach & Limbach (copy attached along with return receipt postcard as Exhibit A).

On November 21, 2001 Applicants' filed a Status Inquiry on the above-identified patent application (copy attached along with return receipt postcard stamped by U.S. Patent Office as Exhibit B).

On October 7, 2005, per Inventors' Assistance Center, it was determined that the Office Action dated June 14, 2004 was still using an electronic address for former counsel, Charles P. Sammut, Esq., Limbach & Limbach at 2001 Ferry Building, San Francisco, California 94111-4262. Thus, the Office Action dated June 14, 2004 was mailed to former counsel and not to the attorney of record.

II. Docket Record

Attached is a Declaration of Laura Wells authenticating a copy of the docket record where the Office Action would have been docketed if it had been received and entered. The record is for the 14<sup>th</sup> (fourteenth) day of each of July, August, September, October, November and December 2004, the due dates for response to a 1 (one), 2 (two) and 3 (three) month office actions and up to three (3) month extensions. The record is attached to the Declaration as Exhibits C - H. There is no indication the non-received office action was ever received.

Also attached is the Declaration of practitioner authenticating emails recovered with individual docketing records for each July 14, August 14, September 12-26, October 14, November 14, and December 14, 2004. The enclosed docket records are attached as Exhibits I - N. There is no indication the non-received office action was received.

III. Search of File Jacket

The below signed practitioner searched the file jacket for this application and the contents therein and found no indication that the non-received office action was ever received. Exhibit O attached hereto is a printout of the List of Actions for this particular application from petitioner's electronic docketing system. There is no indication that the non-received office action was ever received.

IV. Relief Requested

As the Applicants had not received the Office Action, the abandonment is in error and rescission of the abandonment in accordance with 37 CFR 1.181(a) and MPEP 711.03(c) is hereby requested. Acknowledgement of the active status of this application is respectfully requested.

V. Petition Fee

Applicants' contend the abandonment of the above-identified application is a result of the U.S. Patent Office, thus no fee is enclosed with this Petition.

The Commissioner is hereby authorized charge any additional fees required, as well as any patent application processing fees associated with this

communication for which full payment has not been tendered, to Deposit Account No. 19-3140. A duplicate copy of this letter is enclosed.

Acknowledgement of the active status of this application is respectfully requested.

DECLARATION OF DAVID R. METZGER

Mail Stop Petition  
Office of Patent Legal Administration  
Commissioner for Patents  
P. O. Box 1450  
Alexandria, VA 22313-1450

S I R:

I, David R. Metzger, hereby declare as follows:

I am over the age of 18 years and have been the practitioner responsible for US Application 09/584,999 since the file's transfer from former counsel Limbach & Limbach on January 26, 2001.

The Intellectual Property and Technology Docket Department (IPT Docket) of Sonnenschein Nath & Rosenthal LLP (SNR) has employed different ways to notify practitioners as to upcoming due dates.

During July to December, 2004, IPT Docket sent out via e-mail, mostly on a daily basis, due date lists output from a reporting function in the docketing system. These reports were individualized for the recipient practitioner, as opposed to firm-wide comprehensive due date lists.

As a matter of ordinary and customary business practice I retained and retain copies of e-mails and attachments received by me relating to business matters. I was able to locate copies of e-mails sent to me advising as to responses due on July 14, August 14, September 14, 2004 including three (3) month extensions having due dates of October 14, 2004; November 14, 2004 and December 14, 2004 for matters within my responsibility.

Attached hereto as Exhibit I are copies of the due date print out including due dates for July 14, 2004 and the cover e-mail, for matters falling with my responsibility. There is no entry for anything due for US Application 09/584,999.

Attached hereto as Exhibit J are copies of the due date list including due dates for August 14, 2004 and the cover e-mail, for matters falling with my responsibility. There is no entry for anything due for US Application 09/584,999.

Attached hereto as Exhibit K are copies of the due date list including due dates for September 12-26, 2004 and the cover e-mail, for matters falling with my responsibility. There is no entry for anything due for US Application 09/584,999.

Attached hereto as Exhibit L are copies of the due date list including due dates for October 14, 2004 and the cover e-mail, for matters falling with my responsibility. There is no entry for anything due for US Application 09/584,999.

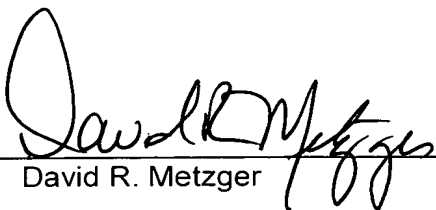

Attached hereto as Exhibit M are copies of the due date list including due dates for November 14, 2004 and the cover e-mail, for matters falling with my responsibility. There is no entry for anything due for US Application 09/584,999.

Attached hereto as Exhibit N are copies of the due date list including due dates for December 14, 2004 and the cover e-mail, for matters falling with my responsibility. There is no entry for anything due for US Application 09/584,999.

If there had been an entry for US Application 09/584,999 in any of these docket records, that would indicate prior receipt of a communication for which a response was due.

Because there was no indication of anything due for US Application 09/584,999 in any of these reports, this is a clear indication on practitioner's docket record that the office action was never received by practitioner's firm for any communication dated June 14, 2004.

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under §1001 of Title 18 of the United States Code; and that such willful false statements may jeopardize the validity of the application or any patent issued thereon.

S I R:

I, Laura Wells, hereby declare as follows:

I am over the age of 18 and have been employed as the Intellectual Property and Technology Docket Department (IPT Docket) Manager of Sonnenschein Nath & Rosenthal LLP (SNR) since September 27, 2004.

Exhibit C is not a printout generated in the ordinary course of business but is the result of an extraction of responses due data for July 14, 2004 from SNR's IP Docket patent docket database. In accordance with the extraction criteria, it should contain all responses that were due on July 14, 2004 for patent matters handled by SNR. No physical copy existed prior to this data extraction request.

Exhibit D is not a printout generated in the ordinary course of business but is the result of an extraction of responses due data for August 14, 2004 from SNR's IP Docket patent docket database. In accordance with the extraction criteria, it should contain all responses that were due on August 14, 2004 for patent matters handled by SNR. No physical copy existed prior to this data extraction request.

Exhibit E is not a printout generated in the ordinary course of business but is the result of an extraction of responses due data for September 14, 2004 from SNR's IP Docket patent docket database. In accordance with the extraction criteria, it should contain all responses that were due on September 14, 2004 for patent matters handled by SNR. No physical copy existed prior to this data extraction request.

Exhibit F is not a printout generated in the ordinary course of business but is the result of an extraction of responses due data for October 14, 2004 from SNR's IP Docket patent docket database. In accordance with the extraction criteria, it should contain all responses that were due on October 14, 2004 for patent matters handled by SNR. No physical copy existed prior to this data extraction request.

Exhibit G is not a printout generated in the ordinary course of business but is the result of an extraction of responses due data for November 14, 2004 from SNR's IP Docket patent docket database. In accordance with the extraction criteria, it should contain all responses that were due on November 14, 2004 for patent matters handled by SNR. No physical copy existed prior to this data extraction request.

Exhibit H is not a printout generated in the ordinary course of business but is the result of an extraction of responses due data for December 14, 2004 from SNR's IP Docket patent docket database. In accordance with the extraction criteria, it should contain all responses that were due on December 14, 2004 for patent matters handled by SNR. No physical copy existed prior to this data extraction request.

The docket system cannot today generate a due date report using the canned reporting functions of the system in view of the fact that only responses with open due dates are printed in such reports. Given that there are no open due dates for July 14, 2004; August 14, 2004, September 14, 2004, October 14, 2004, November 14, 2004 and December 14, 2004 only a blank report would be generated by the system's canned reports.

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under §1001 of Title 18 of the United States Code; and that such willful false statements may jeopardize the validity of the application or any patent issued thereon.
